## Library Fund Hits \$96,000

The Orinda Library building fund has reached a total of \$96,000 and up-to-date reports will be presented to the community next week, the Orinda Library Board announced this week.

Among major contributors were Nopco Chemical Company, \$2,000; Heard Foundation, \$1,000, sent in by Mr. and Mrs. Bartlett E. Heard, Jr., Orinda; and an anonymous family, which contributed securities with a market value of \$9,500. Walter Boyesen has underwritten the cost of paint and painting at a maximum of \$2,500.

Since all contributors of \$1,000 or more qualify as sponsors, the above names will appear on the permanent sponsors' plaque in the library.

The library property will be graded as soon as weather and soil conditions permit. A complete report by the building committee will be made next week.

## Chamber Okays School Tax Rate Increases Here

The Orinda Chamber of Commerce, meeting Tuesday at the Casa Orinda, voiced approval of the proposed 50 cent raise in the school tax limit from \$1.75 to \$2.25.

Acting chairman Stan Allen explained the need for more taxes to keep up with greatly expanded and expanding school enrollment. He stated that the estimated extra taxes would amount to about two dollars a month for the average homeowner.

Clarence Betz read a letter from the County Engineer regarding the traffic problem on Brookwood Road at the freeway. The letter indicated that signals are warranted at the intersection to alleviate the traffic snarl-up. The Chamber went on record as favoring the installation of signals at the crossing within the next year.

The results of the Orinda Chamber's poll concerning the naming of certain streets were announced and a letter is to be forwarded to the supervisors recommending that the supervisors endorse the chamber's suggestions.

The chamber poll indicated that the public favored the naming Camino Pablo, from the middle of the overpass to El Toyonal, "San Pablo Dam." The poll favored the naming of Orinda Highway between El Toyonal and Wildcat Road, "San Pablo Dam Road" and the naming of the Orinda Highway from Wildcat Canyon Road to the San Pablo City Limits "San Pablo Dam Road."

A public hearing on the street naming is scheduled for Tuesday and chamber members will attend in hopes of persuading the supervisors to endorse the chamber poll.

Suggestions for a replacement for Horace Breed, who died recently on the parking authority, will be accepted at the next chamber meeting.

With regard to the county's proposal to landscape a strip of the freeway, the chamber went on record as suggesting that the county pave the area from the road to the fence, rather than landscape it, and thus provide more parking area.

Bob Wassmith and Bob Babcock, who are now working on plans for landscaping to beautify Orinda, will submit their proposals at the next meeting.

The chamber agreed to send a letter to the sheriff for the increased number and efficiency of sheriff's patrols in the area.

## CC County Grand Jury to Review Housing Authority

The Contra Costa Grand Jury will review charges of irregularities in the operation of Contra Costa Housing Authority at its Monday night meeting in Martinez, according to William F. Hale, foreman.

The 1956-57 Contra Costa Grand Jury recommended when it went out of office last year that the new grand jury take up the investigation of charges against the housing authority when the federal government is finished with its investigations.

RONALD A. HOWARD, resigned executive director of the housing authority has been standing trial in district federal court in San Francisco since Monday.

He was indicted by a federal grand jury last December of conversion of government property to personal use.

A jury was selected Monday and the trial got under way late Monday afternoon with a jury of nine men and three women.

Assistant United States Attorney Bernard Petri, prosecuting the case, told the jurors and Judge George B. Harris that Howard took 2574 feet of pipe belonging to the government and valued at \$793 and used the pipe on his property on Alhambra Valley Road.

HOWARD'S ATTORNEY, Frank Cornish, stated that Howard admits having the pipe but, Cornish said, Howard was given the pipe by an individual and he (Howard) thought it was private property.

The private party has been identified as a one time executive director of the Santa Barbara Housing Authority who died several years ago.

Wednesday Gilman T. Gunderson, Santa Barbara County Housing Director testified that his office received a false form in connection with the alleged theft of the pipe.

Gunderson said a two page excess property report was sent in March of 1954 to the San Francisco office of the Federal Housing Administration where Howard was then chief of the personal property section.

INSTEAD OF receiving the original form back, Gunderson said, he got a one page form which omits reference to the pipe and bore Gunderson's forged signature.

As the Sun went to press, Petri commented that he might be through with his prosecution witnesses by later afternoon and the defense might start by morning.

He noted the trial might continue through Monday.

## Gas Prices Take Another Dive, Hit 19.9 a Gallon

By FRED HILL  
The area's ever-dwindling gas prices nosedived again this week, dropping from as much as eight cents a gallon in some Lafayette stations to a few cents in other areas.

And the consensus was that there's no relief in sight.

Cheapest prices noted in a quick telephone survey were in Lafayette where at least two stations were selling gas for a record-low 19.9 cents a gallon for regular. The stations were one large independent outlet and a chain service station. High octane gas at the chain outlet was rather high, however, at 37.3 while the other station was selling it a dime or so lower.

At noted Lafayette stations, prevailing prices were 21.9 for regular and 26.8 for premium. This represented a drop of about a nickel a gallon at most Lafayette stations.

ONE LAFAYETTE operator commented, "This can't go on much longer. We're just breaking even at the gas we will continue even now." However, he predicted some time and that price will drop even another few cents a gallon.

He noted that prevailing gas prices last week in the Lafayette area were 29.9 for regular and 34.9 for premium, as compared to this week's 21.9 and 26.8 at most stations.

In Orinda, one operator reported that prices had stayed about the same over the week, being 23.9 for regular and 31.9 for premium. Last week, Orinda's and Lafayette's prices were about the same, but the drop in price was not as noticeable in Orinda as it was in Lafayette.

ONE OPERATOR COMMENTED, "It looks like it will keep going for some time... it doesn't look very good."

Meanwhile, in Walnut Creek, standard prices were 21.9 for regular and 25.9 for premium. One operator noted that most Walnut Creek stations marked gasoline down four cents a gallon on Wednesday. "I don't know why there doesn't seem to be any reason," he remarked, however, but the most recent Walnut Creek cut may have been sparked by a new cut instituted by a Pleasant Hill service station.

Asked his opinion on the duration of the price war, one operator said, "I hear it's supposed to stop soon." But he noted that this

was only the current rumor among local operators.

ANOTHER OUTLET in Walnut Creek was pricing its regular at 21.9 and premium at 26.9.

The operator there said he "couldn't say" how much longer the war would last but he commented, "It's hurting the companies... it's hurting all the companies... and when it's hurting them you know it can't last."

Contrary to some opinions voiced to the interviewer by operators last week, one Walnut Creek operator explained that the operators aren't the only ones taking a beating in the current price-slashing rash.

"Sure we're lowering our prices," he said, "but the distributors are backing us up. It wouldn't make any difference to me if gas went down to ten cents a gallon tomorrow. I wouldn't be losing any more money."

ANOTHER OPERATOR stated that his firm was "losing about two cents a gallon over what our normal profits are." He said the loss takes about \$400 to \$600 a week out of the station's profits.

"We try to make it up by cutting down on our help and conserving wherever we can," he concluded, none too happily.

The Sun contacted one chain distributor in Walnut Creek which is bringing out a highly-touted "100 octane" gasoline. Although advance hoopla stated that the new high-test gas would be coming out of the pumps on Monday, the distributor said he was already selling it and at cut prices.

One rumor of the possible beginning of the gas war was that some companies were bringing out higher-test premium gasoline and were therefore anxious to clear out their current stocks of premium.

This subject was broached to the operator but he discounted it stating, "No, I think all the dealers were just overstocked and this was a handy way to get rid of their surpluses."

Perform at Musicale  
Mrs. Lois Flenner, violinist, 52 Acacia Drive, Orinda, will play a group of solos at a musicale Sunday afternoon at the home of Mrs. S. P. Johnson in San Francisco.

The event will start with dinner at 1:30, which will be followed by the musical program.

## Demos Name Candidate For Congress

The Democratic Party candidate to oppose incumbent Congressman John Baldwin is Howard H. Jewel, 34, Orinda attorney, who received the endorsement during a pre-primary convention in Martinez, Saturday.

Contra Costa and Solano County Democrats also endorsed Jerome R. Waldie for the Tenth Assembly District. Waldie is an Antioch attorney.

S. C. Masterson, incumbent assemblyman in the eleventh district, received the nod, as did Samuel Geddes for the Fifth Assembly District.

Jewel was chosen over three other candidates — Craig Randall, Pleasant Hill attorney; Ira Gunn, former Walnut Creek city manager; and Fred Nettles, Pacheco rancher.

Jewel said he would not cross-fide and would "run as a liberal Democrat." He added: "I challenge Mr. Baldwin now to place the word 'Republican' on all of his campaign material."

He called for a stronger United Nations to enforce international law and "to have disputes settled around the table instead of on the battlefield."

Jewel said that our aim must be to prove that "our freedom can bring economic well-being without huge arms expenditures," and that it is time to end "the five long years of losing friends abroad."

Jewel won on the first ballot over Randall by a margin of 2 1/2 to 1.

Waldie commented: "The composition of the Public Utilities Commission should be carefully guarded to protect the consumer," and that we should "resist any encroachment upon our State Park system and... Fish and Game Reserves."

He said he strongly opposes Senator Knowland's proposal which would outlaw the union shop because it would lower everyone's earning power.

Waldie said he believes in one oath of allegiance and is against so-called loyalty oaths which "in effect presume the disloyalty" of the affiant.

The more than two dozen Democratic clubs represented heard Attorney-General Edmund G. "Pat" Brown give the keynote address.

Brown, the Democratic candidate for Governor, received a standing ovation by the 384 delegates. He proposed a study of the large sums of state money expended on county and district fairs and the better use of some of these funds, possibly for a Junior Space and Rocket Fair to stimulate students' interest in applied science.

Brown said that he "is not a business, labor, or special interest candidate" and that he will endeavor to represent all of the people of California.

In regard to the State's resources development he predicted that his opponent's stand "will almost destroy the California water program" by giving away to the PG&E the only part of the Trinity River Project which will make an operating profit.

Brown reiterated his charge of "a deal by the Republican bosses to get Governor Knight out" of the governorship race and predicted he would soon be out of the senate fight as well.

Brown spoke in favor of state governmental reorganization for greater efficiency, a study of the problems of new cities, taxation on a fairer basis, a Fair Employment Practices Commission, Schools, and the California Youth Authority.

## Conrad Ambler To Attend German College

Conrad S. Ambler, son of Mr. and Mrs. Louis B. Ambler, 220 El Toyonal, is among sixty-three Stanford students who have been chosen to open the University's new branch campus near Stuttgart, Germany this summer.

Ambler, who spent a year in Germany during 1956 as an exchange student under the American Field Service program, is among 33 men and 30 women undergraduates who will spend the first term from late June through December in Germany.

Ambler, an Acalanes High School graduate last June, was the winner last year of one of the 14 honorable mention awards in the national United Nations essay contest. He won a four-year scholarship to Stanford.

The campus is located at Lunggut Berg, a 30-acre estate near the village of Beutelsbach, 12 miles from Stuttgart.

The students will remain in Europe through the fall quarter and a second group will attend the new campus from January to June of 1959. The only cost above regular tuition is transportation home.

Students in the group come from cities throughout the United States, with the majority coming from California.

## Four Rape Cases Told; Sheriff Checking Leads

Four unsolved rapes, three in Sun Valley and one in Lafayette, committed over a seven month period, were revealed by Sheriff Harry A. Brown in an exclusive interview with The Sun Wednesday.

In making the announcement, Brown noted that there is not a major crime wave

in the central county area and the four rapes are not indicative on any so called major crime wave.

"SEX CRIMES are on the upswing in the entire state by some 17 per cent and we are now conducting an intensive investigation on the subject," Brown noted.

One detective, Louis Skuce, has been conducting investigations since the first rape was reported last July.

"Prowler calls are on the upswing, but too many people are not calling our office with their prowler complaints and are telling friends who in turn, in many cases, exaggerate or make completely unfounded statements," Brown commented.

The rapes occurred in July, October, November and January. No definite tie-in between the Valley rapes and the Lafayette rape has been made by the sheriff's office.

THE ARSON at the Morris home in Lafayette, to this date, has not been tied in with the Sun Valley incidents, stated Brown.

Night and day checks have been in areas throughout the central county which may be a possible target for the unknown rapist. Confidential lineups and interrogations of possible suspects have been made and the cooperation of at least four enforcement agencies has been obtained by the Contra Costa Sheriff's Office to apprehend the responsible person in each of these attacks.

Women who live in the Central County area, Brown exclaimed, "Four legal arrests have been made over the past seven months concerning the rape cases. The first person arrested was a known 'exhibitionist'; the second a 'talent scout'; the third an exhibitionist and the fourth a known sexual deviant."

"NOT ONE was found to be the guilty party by the sheriff's investigations."

A 19-year-old girl was raped in Contra Costa County Sunday night, but the Sheriff's office reported that the girl was from Sacramento and was picked up in San Francisco.

The Sheriff noted that this rape had nothing to do with the Sun Valley incidents and the Lafayette proper incident.

Concord's police department, the third largest law enforcement agency in the county, has earned a reputation as a model police agency under Orin's administration.

A native of Pasadena, Orin attended school in that city. He served in the U.S. Navy for four years with the Asiatic Fleet, and in the U.S. Coast Guard during World War II, at which time he was assigned to maritime law enforcement with the U.S. Customs Service.

He and his wife reside with their four children at 4237 Laurel Drive, Concord.

HE IS A GRADUATE of the Federal Bureau of Investigation's National Police Academy in Washington, D.C., having majored in police organization and administration, and also attended re-training sessions at the academy in October, 1957.

"I propose to initiate up-to-date administrative procedures in the Sheriff's Office which will result in improved law enforcement for the whole country," Orin said.

"Morale of Sheriff's Deputies is now at the lowest point in many years and officers find it difficult to do their work in a professional manner because orders are conflicting and procedures are confused."

"If deputies are to work with dignity and effectiveness, methods of procedure must be clear and consistent and policy on personnel matters must be fair and not influenced by personalities."

"Authority must be delegated through a sound administrative organization," Orin said.

ORIN IS PRESIDENT of Contra Costa Police Chiefs Association, past president of Contra Costa Peace Officers Association, a member of California Peace Officers Association, and a member of the International Chiefs of Police Association.

Competing next in a playground contest, a girl and boy "playground" champ was chosen the prize for this category being a plaque for their walls. The playground champions then competed among themselves for the title of "district" champion. Each of these champions received a desk set and was sent on to the Regional contest where each will vie with other district champions.

Not to be outdone by their older brothers and sisters, the fourth and lower grade students had a contest among themselves. The victors (a boy and a girl) were each awarded a most coveted prize. Tomorrow at 11:00 a.m., each champ will be given one minute "free shopping" at the Sproule Reitz store in Orinda.

In that one minute, they will be free to collect anything and everything that catches their fancies in the toy department.

Every day except one during the week ending at 6 p.m. Wednesday, there was rain in Orinda. Total precipitation for the week was 2.92 inches, bringing the weather-year total to date (since July 1) up to 23.10 inches.

Here is the week's weather chart, showing daily high and low temperatures and rainfall:

	High	Low	Rain

## School Board Delays Action On Sierra Land

The Orinda School Board this week decided to hinge its plans for the acquisition of a Sierra site for outdoor recreation programs on the opinion of an expert.

After hearing a report on the proposed site, and after hearing several letters, both pro and con, on the quasi-controversial subject, board members agreed to employ a qualified person to survey the land site and estimate the cost of developing it.

THE BOARD'S DECISION, it was agreed, will depend upon the report from the expert appointed by the board. No one was appointed by the board at its Monday meeting and no time limit was set on the survey. However, board members set a \$750 top limit as the salary for the expert when he is employed.

Frank E. Isola, director of physical education and recreation, delivered a report to the school board on the proposed Sierra site and several letters from residents were read concerning the project.

Board members will have a special meeting at 8 p.m. February 18 to view a display of furniture from various vendors. The furniture will be considered for the four-room addition now under construction at Sleepy Hollow School. The construction there is to be completed by the 15th of this month.

IN OTHER BUSINESS, it was reported that the enrollment in the district now stands at 2,710 pupils with the following breakdown for schools—Del Rey, 645; Giorietta, 421; Orinda, 603; Sleepy Hollow, 559; Pine Grove, 382.

Mrs. Lois M. Riesenbergs was appointed as a new kindergarten teacher to replace Mrs. Norma Walkley. It was reported that there will be four student teachers in the district for the remainder of the present term.

Twelve residents from Alta Rinda petitioned a sking the school board to authorize a change in bus stops in their area, stating that one of the present stops constitutes a safety hazard to children. The problem was referred to the transportation committee.

THE BOARD, GOING along with other school boards in the area and state, passed a resolution requesting California's two senators and Seventh District Representative Baldwin to vote in favor of the extension of PL 874 dealing with federal support for school districts involving children of residents who are connected with the federal government.

The law was passed in 1954 and expires this year.

In other action, the board authorized James Anderson, architect for the Inland Valley School to go ahead with plans and specifications for the grading of the school's site. Mathews, Weeks and Johnson, who are currently employed as the district's auditors, were awarded another three-year contract.

The board passed two policies, one of them dealing with personal leaves for teachers, and the other requiring physical examinations for workers in the school cafeterias.

MEMBERS REPORTED that there has been no further action in the matter of purchasing the School.

The board approved the annexation of Park Hills to the city of Berkeley. Children from Berkeley had been attending school in Berkeley.

The Acalanes trustees' dinner was set for February 19 at Stanley School in Lafayette.

Superintendent Joseph Sheaff was appointed to attend the school district unification committee meeting this month and it was noted that the summer school program will be continued for an additional year.

## Orinda Ass'n. Renews Drive

Officers of the Orinda Association are now in the process of reorganizing their membership program in hopes of greatly expanding membership and disseminating more information concerning the association to the community at large.

It was announced this week that Bill White, newly-elected membership director, is in the process of resuming the 1958 membership program which was started and in effect briefly last Fall. Though at that time the program was being conducted primarily on a mailing list basis, the new drive will involve passing and personal contacts.

White is now organizing captains and workers for a continuing door-to-door drive to enlist new members and to get older members to renew their memberships.

Emphasis during the membership drive will also be on stressing community functions of the association.

DON'T FENCE ME IN . . . The latest on the proposed Pine Grove Apt. plans (it's been stated some Pines will be left standing!) is to dissect & divide the property into 38 individually owned 4-family units. 150 families? 10 acres? 1/2 acre lots? Have you looked at your school taxes lately?

LUCKY HORSESHOES . . . A "NEAR CLASSIC" is what readers of the SatEvePost rated Orindan Prentiss Combs' story "The Man On The Beach," in the Dec. 28 issue — In this wk's Feb. 1 issue "Letters To The Editor" section, one correspondent-reader compares Combs' writings to Jack London, Maugham & Hemingway, goes further to say, "In fact, it's BETTER than Hemingway!"

A GOLD HORSESHOE . . . to Smed Ambler, son of Cecil & Louis Ambler (he of our School Board), who leaves in June w/62 other Stanford students, the first group to attend classes at Stanford's new university branch in Germany. Couldn't happen to a nicer fellow. And/or family!

### Some hangings worth mentioning . . .

MORE HORSESHOES . . . To Blanche Brody, wife of Kaiser medie Burton Brody, who paints for fun, professionally, and had two paintings on view at the SF Museum of Art thru Dec. One an abstract, the other a sketch of her son Jeff, whose portrait she did one morning while he had the mumps (giving him that nice apple-cheeked look?). Two of the Orinda artist's pictures are currently on view (through tomorrow) at the Oakland Annual at the Oak Museum of Art in Civic Center, one titled "Woman Reading a Letter," the other called "Teacup No. 1" (first teacup she's ever painted!). BOTH copping Honorable Mention awards in this select group of 75 art offerings accepted for "hanging" out of 1000 entries.

ANOTHER HANGING! "Red Land," a mood painting in the semi-abstract, canvassed by Pat St. John Moran of Orinda, won Honorable mention in same show. The erstwhile commercial artist, a College of Arts & Crafts grad, is teaching classes at her home, 71 Ardilla Rd., if you're so inclined! Tue. AM's & Eves and Wed. mornings, too!

THE BIG CORRAL . . . An entire day devoted to Bridge, ETC. the ambitious undertakings of the Orinda Community Church Women's Guild. Eight lovely Orinda homes, those belonging to Vesta Rasmussen, Anna Mordy, Mary Dorr, Betty Oarm, Molly Blue, Millie Twining, Julie Allen & Betty Hollidge, will be open for the all-day affr. Pick your time, reserve your place, w/a call to Jean Smith, CL 4-5838 for tkts. \$1.50—9:30-12 bridge lunch, 12:30-3 lunch bridge (you see the diff, don't you?) and again at 8 p.m., a bridge dessert. If you're really CARD happy, go ahead, play ALL day! Get it out of your system, for 3 tkts. of course!

The day for Lovers & Lacy Valentines being next Friday—some of our more sentimental souls are slightly chagrined that THIS is the eve for the Father-Son Scouts dinner. But hubby can still get home, dear heart, in time to take you to the Orinda Woman's Club Hearts & Fashions Dance at Diablo, a benefit for the Orinda Library Fun, Feb. 14!

With club members to model Gladrags from Roos Bros., husbands will find the fashion show FAR from prosaic. Esp. w/the addition of precocious puns precipitated by the presence of the perfectly prankish prattler Paul Speegle. He'll put the models through their aces (and blushing faces?) in his own un-prosaic style, his particular forte, you know! A call to Merle Tobias at CL 4-5589 will get you tkts. \$4 per couple!

Among dinner parties planned beforehand is the one Ed & Elaine

## Alternate Method to Hike Bridge Capacity Outlined

An alternate method to increase the traffic capacity of the Bay Bridge and at the same time, preserve the rail facilities for mass transit was described recently to the State Public Utilities Commission by Robert E. Nisbet, attorney for the Alameda-Contra Costa Transit District.

The alternate plan, estimated to cost less than \$5 million, was included in the supplemental memorandum filed with the commission as part of the closing argument of the district's plea for preservation of the rails on the bridge.

Its purpose, Nisbet said, was to indicate that there are alternatives, costing substantially less than the \$35,000,000 proposal of the Division of San Francisco Bay Toll Crossings, which would accomplish the dual purpose of increasing the bridge capacity while preserving rail facilities for public transit.

Elements of the alternate plan are: The first stage of the proposed reconstruction plan of the Division of Bay Toll Crossings embracing such features as refuge bays improved communications facilities to expedite the removal of stalled vehicles, modernized maintenance facilities to keep construction or maintenance forces off the bridge roadways, etc.

The elimination of present Key System and Greyhound commuter buses from the bridge. This would increase the capacity of the bridge to carry passenger automobiles.

The inauguration of a system of genuine rapid transit on the bridge, thereby getting people out of their automobiles and on to the trains. This would lessen congestion and effectively increase the capacity of the bridge.

## Children at Play Signs Dangerous

"Children At Play" signs may do much harm by giving a false sense of security to both parents and children who tend to become careless about being in the street. This is the opinion of Mark L. Kermit, county traffic engineer, who today expressed concern over the increasing number of such signs in the unincorporated areas of the county.

"It is very doubtful that such signs have any real effect on traffic," Kermit said. "And if drivers do not pay attention to the signs, they certainly do not protect the children," he added.

Kermit also pointed out that "Children At Play" signs are prohibited by the Vehicle Code, which permits them to be removed without notice.

Regardless of the legal question, the basic point involved is that it is never safe for children to play in the street, Kermit said. Accidents to children will be prevented by keeping children out of the streets, not by putting up signs, he said.

Kermit urged all parents to continue to work hard to keep their children on the sidewalks, in the yard and on the playground. "If you have at 'Children At Play' sign in your neighborhood, do the safe thing and remove it, and work with your neighbors to see that your children play where it is safe," he said.

## Braumoeller Gets 2 Years

Ludwig (Fred) Braumoeller, suspended state narcotics agent of Orinda, was given a minimum sentence of two years in prison last Friday by Federal Court Judge O. D. Hamlin in San Francisco.

Braumoeller pleaded guilty on a single count charge of giving heroin to a dope addict. Hamlin dismissed three other charges against Braumoeller, including one charging he sold heroin.

The judge noted that he had received numerous letters from neighbors, a superior court judge, a former FBI agent and others attesting to Braumoeller's good character.

However, in dismissing a motion for probation, Hamlin said, "This court cannot condone by probation admitted acts of enforcing the law with one hand and denying it with the other." Braumoeller's arrest last November by federal narcotics agents resulted in a controversy between the state and federal agencies. Braumoeller's colleagues claimed he had been framed.

The state agent pleaded guilty to one count of a grand jury indictment. He promised to provide information about other state agents who he claimed also had given narcotics to addicts in an effort to obtain information.

State Attorney General Edmund G. Brown said last week he could find no confirmation for Braumoeller's charges. However, Brown suggested that a grand jury listen to Braumoeller's story about Brown's own narcotics bureau.

Rupert Crittenden of Oakland, Braumoeller's attorney, stressed in court that the defendant had made "real and lasting contributions to narcotics enforcements beyond the immediate call of duty. The good he has done must be weighed against his conviction."

## Sheriff Forbids Staff to Engage in Politicking

Sheriff Harry A. Brown has put the clamps on any political campaigning by his deputies or any other members of his 125-man staff.

Brown's orders were underscored by a personal directive forbidding political activity, a pledge to be signed by all personnel, and a stern warning that disobedience of the order could result in fines and/or a prison term.

Actually, Brown explained, his mandate is only an enforcement of existing county civil service and departmental regulations.

"AFTER ALL, Brown stated, this is part of the law and deputies are hired to enforce the law. They should be the last persons in the world to violate it."

Brown referred specifically to a bulletin issued recently by County Administrator D. M. Teeter. It stated, "No person employed under the merit system shall seek or accept election, nomination or appointment as an officer of a political club or organization, or take an active part in a county political campaign, favoring or opposing any candidate for election to a county public office."

Brown explained that political campaigning or criticism toward another member of the department or other officials is forbidden by law. Violators may be prosecuted for misdemeanors and punished by fines up to \$500 and imprisonment up to six months.

ASKED AS TO what the crackdown stemmed from, Sheriff Brown replied that "this is a direct result of activities during the last campaign. I'm sure your newspapers are full of reports on that."

Sheriff Brown stated that recently he has had reports of two deputies who were said to be passing out political cards and handbills. "Another man," he said, "was making public speeches criticizing a supervisor. And this man wasn't even running for supervisor."

"This all goes back to the old spoils system," Brown stated. "With the merit system," he said, "men were provided with security. Now they want both the security and the freedom to do as they please during the political year."

SHERIFF BROWN has issued a new departmental order titled "Political Activity" and has disapproved it to all division heads with orders that it be signed by all personnel and turned in.

## Orinda Fathers' March Nets \$4,000 in 2 Hours

Orinda fathers, more than 200 strong, collected approximately \$4,000 during their brief two-hour trek up and down Orinda's hills during the annual Fathers' March of Dimes last Friday night.

Although the total collected was not up to last year's \$6,000 Fathers' March collection, local March of Dimes officers said that the Friday night March was "highly successful." In addition to the funds collected in the door-to-door campaign, about \$1,300 was donated at other times in the Orinda area. The total Orinda contribution, said publicity chairman Mrs. Barbara Van Sickle, was about \$5,300.

Following the custom of previous years, Orinda fathers dressed in women's clothing for the march and wore placards proclaiming "Tonight I Am a Mother."

Following the conclusion of the

march, residents gathered at the Orinda School for a totaling of the contributions. During the tallying, one family entered the building with a whiskey bottle which had been filled with pennies during the year. The funds were turned over to the polo fund.

The March of Dimes Committee expressed its thanks to the Santa Maria Women's Club for serving the coffee and cake following the march, and to Phair's Orinda Store, the Orinda Bakery and Neldems for donating the cakes.

Persons who were missed on the march or who wish to contribute to the campaign may do so by sending their donations to either Stan Huhn, 3 El Verano Road, or Al Baer, 32 California Avenue.

## Youths Need Labor Jobs, Group Finds

Meeting recently, the Central and Eastern Contra Costa County Committee on Youth Employment discussed the need for providing labor jobs for young people, particularly during the harvest season.

Committee members noted that there is little problem of youth competing with the adult labor force in this field. However, it was pointed out that some growers prefer to use Mexican nationals in preference to youth for harvesting.

Other questions and comments about jobs in agriculture touched on needs for changes in child labor laws, the philosophy of helping youths to help themselves, the possibility of part-time work in conjunction with school, and youths with special problems such as those on probation or parole.

Harry Nakahara reported to the committee on the Youth Employment Service of the Martinez Kiwanis Club. Though originally its goal was to aid underprivileged youths, the program has since grown into a service for all youths. Eighty positions have been filled in the past 10 months, he said.

The next meeting of the Committee on Youth Employment will be at 10 a.m., Tuesday in the conference room of Mount Diablo School, Concord.

## Sell-Out Audience Hears Youth Concert Program

An unexpected miracle took place January 26 at Las Lomas High School to prove again that the valley of Central Contra Costa is an ideal place for growing children that is.

Central Contra Costa Youth Concerts had a sell-out performance of their series which opened with the San Francisco Symphony orchestra under the baton of Earl Bernhard Murray, Youth conductor-commentator.

Five hundred parents and close to 1000 children packed the Las Lomas Auditorium to disprove the critics' contention that parents these days have little time to spend with children or to do things together as families.

**THE SELL-OUT** was a be-coming surprise to the board of directors of Youth Concerts, who last year sold a total of 850 tickets, and who were prepared to face a loss in this year of high prices, high taxes, falling stock prices, etc. That is why it is impossible to consider such a performance only from its musical aspects.

Certainly the orchestra played its finest concert here to date, speaking from a standpoint of musical education. The music it makes is big and beautiful to hear and to see.

Earl Bernhard Murray possesses a rare insight into the imagination of the child. Bach's "Little fugue in G Minor" emerged as a musical "cops and robbers," thereby introducing one of music's basic and very often most intricate forms.

A garden hose and a funnel in the hands of an accomplished horn player taught the basic principle of the horn section, and who would think of introducing one of the most sophisticated composers of our time to a beginning concert audience?

**DARIUS MILHAUD'S** "Concerto for Percussion" may not have been fully understood in its complexities by these children, but the skill and sensitivity of a great percussion musician, Roland Kohloff, and the versatility of his section will be remembered.

## Waldie To Run On Demo Ticket For Assembly

Jerome R. Waldie, 33 year old Antioch attorney, who received the unanimous endorsement of the Martinez Democratic pre-primary endorsing convention for the office of assemblyman, 10th district, today expressed his heartfelt thanks and gratitude to the many delegates who worked successfully for his nomination.

He stated that the campaign ahead would be an arduous one and that he intended to campaign vigorously on the issues of importance to this district and state. He named the right to work laws and the development of water resources as two of his principal campaign issues.

"I feel that the people of this district are entitled to a full and open debate between the candidates on the issues of the campaign. I am desirous of meeting the Republican candidate, whoever he may be, in such public debate.

In this way the voters of the district will be permitted to observe the manner in which the respective candidates face the problems of the day, said Waldie.

The goal for 1958, according to Mrs. Jack, is \$5,440 for the Walnut Creek area.

**FOR THE THIRD** consecutive year, Mrs. J. H. Schwarck, 35 Via Hermosa, will serve as Orinda Heart Sunday chairman.

Mrs. Schwarck is secretary of the Contra Costa County Heart Association and has served on the Board of Directors for four years. She is president of the Board of Trustees of the Orinda School District, on which she has served seven years.

Under Mrs. Schwarck's leadership, Orinda topped its quota by the highest percent of any area in the county, with a total of \$3,229.45.

She added: "I am sure that this year, as in previous years, Orinda will reach its goal to help provide the expanding services of the Contra Costa County Heart Association and for all-important research on the heart diseases."

Mrs. ALFRED Malnick, 3016 Eggleson, has accepted the chairmanship of the Pleasant Hill-Pacheco Heart Sunday drive.

Mrs. Malnick has served as a volunteer in previous Heart Fund drives and in 1957 was appointed a captain. She has also participated in Cancer, Polio and Crippled Children's campaigns.

Mrs. Malnick will appoint 26 captains who will work with some 400 volunteers in an effort to cover the Pleasant Hill-Pacheco area.

"I am counting heavily on the experienced volunteers who helped so well last year in the Heart Sunday drive," she said. "With the crying need for funds for research and for the expanding services of the Contra Costa County Heart Association, we need help in reaching every family in the area."

## Safety Project to Follow Meridian Boy Scout Week

Over 3500 boys and leaders of the Meridian District of the Mt. Diablo Council will join more than 4,709,000 boys throughout the nation to celebrate Boy Scout Week today through next Thursday.

The Meridian District will climax the week by launching a year-long National Safety Good Turn kickoff on Saturday, February 15, it is announced by Duncan Knudsen, chairman of the Meridian District.

Knudsen stated that the Safety Good Turn program will be under the direction of Dr. Harry J. Misch, chairman of the district health and safety committee.

**THE MERIDIAN DISTRICT'S** annual Boy Scout and Cub Scout exposition will be held April 26 at Las Lomas High School in Walnut Creek and Miramonte High School in Orinda.

Until this year the annual scout show has been staged during Boy Scout Week. District officials explained that the exposition will be held April 26 this year because of considerable other activity during Boy Scout Week.

Also, the later date will give boys and leaders time in which to prepare better displays than in the past, according to officials.

**IN A WHITE HOUSE** message recently, President Eisenhower told the scouts:

"In our land each individual is of inestimable worth, yet in no other land do accidents cause a more terrible loss of human life and limb. This fact cannot be passively accepted. We must seek new ways to save the basic resources of our nation: its people."

"Encouraged by the splendid results of your Conservation Good Turn four years ago, I now urge you to adopt Safety as your service project for 1958. Through the concerted action of your members, and in cooperation with other organizations, you can alert the public to the urgent need for reducing the tragic toll of accidents."

"This is an opportunity for service to your country in the highest tradition of the Boy Scouts of America."

**THE SCOUT'S NATIONAL** Safety Good Turn is being coordinated nationally and locally with other safety programs and campaigns. National safety organizations have advised and assisted scout leaders in developing plans and projects.

Dr. Misch stated that during March, April and May the projects will involve traffic and highway safety. Outdoor Safety projects will keep scouts busy in

# Go to Church Sunday

**Episcopal**  
Celebrating Sexagesima Sunday, the Reverend Albert Lucas will conduct services at 8, 9:15 and 11 a.m. at St. Stephen's Episcopal church on Via Las Cruces in Orinda.  
St. Stephen's junior choir will sing as anthem the seventeenth century composition by Clark, "Bishopthorpe," which is the hymn of the month selection for February. The senior choir will offer Tchaikovsky's "Heavenly Love," "Lancashire," and "Ora Labora" by Noble. Both groups will be conducted by Choirmaster Donald Aird who will play as organ solo, "We Pray Now" by Buxtehude and "Credo" by Bach.  
Confirmation classes for teenagers will begin at 10 a.m. on Saturday, February 15, in Hill Memorial Hall. The classes are for young people planning for confirmation and also those who wish only to know more about the Episcopal Church. The Reverend Andrew Daughters, who was recently named permanent assistant at St. Stephen's, will conduct the teen classes.  
Other confirmation classes at St. Stephen's include the adult sessions on Wednesdays at 8 p.m. and Thursdays at 4 p.m. for children.  
Mrs. Herman Pfeifer, advisor to the Young People's Fellowship of St. Stephen's church, has announced that her group will handle arrangements for the traditional Shrove Tuesday Pancake and Sausage Supper to be held February 18 in Hill Memorial Hall.  
In an effort to avoid congestion and to insure good service, meals will be served in half-hour groupings, beginning with the 6 to 6:30 p.m. serving and ending with the 7:30 to 8 p.m. At each of the four servings, meals will include juice and salad, dessert and beverage, as well as pancakes with sausage. Cost has been set at \$1.25 for adults and seventy-five cents for children under 12.  
Reservations will be necessary and may be made with Mrs. Herman Pfeifer, who asks that the preferred time be stated.

## Unle Sam Stays Postal Shutdown

Despite rumors early this week of an imminent shutdown, letters were still trickling out of the Rheem-Moraga area bearing the "Rheem" postmark on Thursday.  
Earlier reports had it that the Rheem postoffice, factor in a community postoffice squabble, would be shut down by Wednesday unless someone bid on its operation by that time as a contract station.  
News reports earlier in the week stated that the long-simmering hassle over the operation of two postoffices broke into the open again with a reported recommendation from the Post Office Department.  
Rheem merchants said a post office representative told them that as a result of a four-month study the Rheem post office had been classified as a "contract" station and that someone would have to bid on its operation by Wednesday. It was implied, they said, that unless bids were received the Rheem post office would be closed.  
However, Frank Kerrigan, president of the Rheem Center Merchants' Association, told The Sun Thursday that the Rheem office was still operating and would probably continue to do so.  
The Post Office Department, Kerrigan said, had changed its stand on the contract operation, probably as a result of pressure brought to bear on the department by Congressman John F. Baldwin, who was bombarded by telegrams and letters asking him to request a stay of Post Office Department action.  
"We're not going to close," Kerrigan said flatly. "Some Post Office officials from Sacramento said they wanted an answer from us on this contract deal by Wednesday. But I think that's all been passed over."  
Kerrigan attributed action on the part of Congressman Baldwin as the cause in the change of attitude of Postal officials in Sacramento.  
The "contract" decision on the part of the Post Office Department came as a blow to many supporters of the Rheem Post Office since it was felt there would be no bidders on the operation because the small amount of anticipated revenue and the additional inconvenience to whomever assumed the contract.  
The hassle over the two post offices dates back to last August and apparently centers on the choice of a name.

## Jaycees Start Almanac Drive

On February 1st, the Lafayette Junior Chamber of Commerce kicked off its 1958 All Sports Almanac. Merchants in the Lafayette Area will be contacted during the month by members of the Jaycees, and invited to participate in the campaign by contributing advertising to the Almanac.  
The Almanac is a National Sports record book, individually published by local chapters of the Junior Chamber of Commerce, as an official statewide profit making project.  
All revenue obtained from advertising in the local publication of the Almanac, will be retained by the Lafayette Jaycees, and will be devoted to furtherance of their established community service program in the Lafayette area.  
Through MacPhee's efforts and during his time of service as Collector of Customs he has increased seizures and arrests by better than one-third and revenue increased more than 100% with no increase in personnel. From his knowledge and first hand experience in narcotics and customs comes his vividly portrayed talks. There will be a question period at the end of his speech.  
L. Jack Block of Orinda, one of the five outstanding young men of California, will introduce MacPhee.  
James Lewis, principal of Miramonte, will discuss the Iowa tests the Freshman and Junior classes have been taking for the last week.  
Two Navy scientists made a record breaking balloon ascent to an altitude of over 14 miles.

# On The Lighter Side

by INA BLIESNER  
YE 4-3818

Just talked with Beverly (Mrs. Edward) Winthers about the Orinda Women's Club's "Hearts and Fashions Ball" which will be held on the 14th (when else?), at the Diablo Country Club.

A big feature of the evening will be the promenading down the ramp by a group of charming women and MEN! All sorts of fashions will be shown—including lingerie, casual and cruise clothes and cocktail and evening apparel.

Roos Brothers will be responsible for the garments and Lansburg Brothers for the glamorous furs. With Paul Speegle commenting, how can they miss?

Dance music will be provided by the Herb Faulkner orchestra. Proceeds will go to the Orinda Library for which this group has worked so diligently. A fund drive has just been completed and the ground breaking ceremony will take place very soon.

"GROUND HOG DAY" is as good a reason for entertaining as any other—so decided Mary and Ralph Gordon who were popular residents of Sun Valley for many years. Having just moved into a lovely new home in Mill Valley—an open house was called for and despite the blustery weather of last Sunday most all of their friends "blew" in. Also, despite the weather, Mary had artfully decorated their home with a profusion of spring flowers—including daffodils, tulips, stock, iris and acacia.

A large and colorful nosegay was even attached to the front door knocker. Around 40 guests busily "hashed over" old times as they gathered around roaring fires.

Delicious hot canapés were served preceding a sumptuous buffet supper. Some of the people there were the Carson Magills and Stan McCaffreys who also used to live in Sun Valley, the Semmes Gordons of Danville, the Art Lundblads of Orinda and the Don Johnsons and Dick Bliesners of Walnut Creek.

## More talk from Sun Valley

More about Peggy and Don Johnson, who STILL live in that valley of the sun. They were hosts Saturday night when they entertained with a dinner party. Their guests were Helene and Charles Rodier and Carol and King Parker. Peggy is the chairman of the Coordinating Council for the Therapy Center this year—and certainly may be counted on for a fine job—as she is the MOST conscientious person this side of the tunnel—and pretty too!

The newly formed branch of AAUW in Pleasant Hill held a pre-dance party Saturday night in the lovely home of Dr. and Mrs. Harold Robinson in Reliez Valley. The shivering guests were most grateful to the Robinsons for the warming fire which blazed in their huge fireplace.

Those going on to the Concord AAUW Fellowship Dance which was held at the Diablo Country Club were Jo Anne and James Garrett, Bev and Norman Watson, Jackie and Ferdinand Voelker, Beryl and Franklin Lloyd, and Marilyn and Robert Fugate.

MARGUERITE COFFEY had a peasant surprise the other night. Their good friends, Dorothy and Bob Bardell of Orinda knew that it was Marguerite's birthday and also knew that she and Bill were going to celebrate it quietly at one of their favorite dining places along the "strip."

Casually they asked that the Coffeys drop by before dinner. Well, you can guess the rest! A lovely dinner party at the Bardell home—with other friends, Hazel and Glen Burt, and Kathleen and Al Zetterblad on hand with gifts, no less. Apparently Dorothy Bardell is one of those sublime cooks. Very, very special!

Time out for dentists. Three such, and their wives, have taken off for a glorious week of skiing and relaxation at Yosemite. Nancy and David Purrington, Mary Lou and Don Priewe and Jinny and Bob Cuenin are making the Awhanee Hotel their headquarters.

## Quiet wedding — right at home

In her own home on Tichenor Court, Lafayette, Lou McFadden became the bride of Jim King. The happy couple chose to have a quiet home wedding with a few close friends in attendance. Lou's 14-year-old son "gave" his mother away; and a very lovely mother she was, too, wearing a soft grey two-piece knit suit with white orchids at her shoulder.

"Beege" and Carson Magill have returned from a trip to Phoenix and Las Vegas. They had one wonderful time! Stayed at the Flamingo in Las Vegas and said that the show there just happened to be the best on the strip—although the stars were not particularly well known. Wherever the Magills go they always run into old "buddies" from Cal—and this was no exception, which, of course, added to the fun.

Nada Miller is a happy gal these days for her parents, Mr. and Mrs. Nicholas Miller, are visiting with her. They hail from Bagley, Iowa, and will be in California until the middle of March. Nada's sister, Beverly, and brother-in-law, Lt. Keith McCortney from Sacramento, were here for the week-end. Nada, besides being a fine speech therapist at the Mt. Diablo Therapy Center, is an accomplished skier—and has been spending any happy week-ends at Soda Springs.

## Ski widows — and fun for dads—

There were quite a few "ski widows" in this area over the week-end. Several brave and sporting fathers of scouts in Troop 220 were among those present when the buses started loading at 6 a.m. Saturday. They must have had a wonderful time if my son, Art, is any indication. You've heard of something the cat dragged in? That was my boy Sunday evening. His last words were, (just before he fell into the cream of tomato soup with which I had thought to revive him), "that was the coolest time I ever had!" Some of those wonderful dads were—Dan Condit, Bob Echols, Rod Palmer, Nelson Burrin and Dick Chiolis.

Bea and Art Comerford, who haven't left their telephone's side for two or three weeks—finally received THE call. Their first grandchild finally put in his appearance. The happy parents, Jerry and Joe Grillo, live in Seattle and Bea left Sunday to be with them.

## This(?) is an ad?

### BEER LICENSE LOST THROUGH CARELESSNESS

Marty Bryman, genial host at THE HUDDLE INN in Lafayette, reports that a trained legal eagle lost their beer license. The "eagle" places all the blame on the California Legislature that changes the laws so fast that bar-keepers can't keep up with them. Bryman suggested searching the place but very quickly the mouth-piece using all his legal gobbledegook explained that he knew where the license was and that "lost" didn't really mean "lost."

### ADVOCATE SOLVES MYSTERY

The villain turned out to be the recent "re-incorporation." There is a requirement that you can not sell beer while the notice of intention to transfer a license is posted — and this lasts over 30 days! Bryman claims he is all in favor of transferring licenses but not transferring friendly customers. He urges everyone to come in for pizza and coffee during this crisis. Pizza is better with beer — but it is better to have HUDDLE INN PIZZA without beer than to have any other kind of pizza. If you must have beer, call AT 4-4185 for Pizza-to-go and drink your beer at home.

### UNIQUE RECORD CLAIMED

Marty said "We don't like being the only Pizza Palace without beer and we are going to stop being that in record time." He asks all of his friends to drop in at Huddle Inn which is at 3654 Mt. Diablo Blvd. in Lafayette and he will tell them about his troubles.

## Keep Fixture Clean

Clean your light fixtures regularly, advises the American Home Lighting Institute. A dirty fixture loses up to 50 per cent of its lighting efficiency.

### Lafayette Larks Plan Pre Mardi Gras Parties

Most of the active members of the Lafayette Larks will play hosts to friends and neighbors before the Mardi Gras Dinner Dance, to be held on Saturday night at the Diablo Country Club from 7 p.m. to 1 a.m.

The largest group assembling will be at the Mt. View Drive home of Mr. and Mrs. Paul Kapei. Paul and Pat will co-host with Mr. and Mrs. Thomas Jacobson Jr., Mr. and Mrs. Walter Gritzer, Mr. and Mrs. Charles Kinney, Mr. and Mrs. William Morison, and Mr. and Mrs. R. G. Baxter. They plan to entertain approximately 70 people, with a number of guests coming from Alameda and San Mateo.

Marge and Ed Ageno will again open their beautiful hill-top home to thirty friends from the Oakland area.

Barbara and George McAuliffe will entertain the judges at the Club before the dance. Barbara is Chairman of the affair, and has asked Mr. and Mrs. Harry Yeomans of Sun Valley, Mr. and Mrs. Bradbury Barber, Lafayette, and Mr. and Mrs. Stan White of Lafayette to act as judges. They will be asked to select the best "Musical Hat" in the following categories: most beautiful, funniest, and cleverest.

Several of the members have decided to co-host parties. Dr. and Mrs. Ralph Ligon and Mr. and Mrs. R. E. Stevens have asked Supervisor and Mrs. Mel Nielson to join their group which will also include Mr. and Mrs. Don Doderly and Mr. and Mrs. O'Shell.

### Sproul Rite Is First for New Church

The first wedding to take place in the new Northbrae Community Church, Berkeley, was that of Donald Sproul of Orinda and Shirley Lauterbach of El Cerrito.

Donald is the son of Mr. and Mrs. Charles Sproul of 85 Acacia Drive, Orinda, and Shirley is the daughter of Mr. and Mrs. John G. Lauterbach of El Cerrito.

The younger Sproul is a graduate of the East Contra Costa Junior College, and is employed as an electronic instrument technician in the University of California biochemistry laboratory.

Rev Lawrence Cross performed the ceremony. Shirley was given away by her father.

She wore a full length gown of white silk, with pleated bodice and lace inset. Her matron of honor was her sister, Mrs. Leonard Juchau of Napa.

Best man was Earl McClasky of Kensington.

The couple left for Yosemite, and planned to later visit Bakersfield and Don's brother-in-law and sister, Dr. and Mrs. John Knight. They will live in Berkeley.

The Northbrae Church had been completed only three weeks before its first wedding ceremony for Donald and Shirley.

HEART FACTS

It is important that parents pay special attention to children's severe sore throats. Dr. Howard Flanders, Contra Costa County Heart Association president, cautions. They might be "strep" throats. Only a physician can tell. He can control "strep" killing drugs and thus prevent the risk of rheumatic fever and rheumatic heart disease.

Finals start at 7:30 p.m. in the Pacifica gym. Twelve weights will be contested starting with 103 pounds up to heavyweight. There should be action aplenty as plans call for four matches going at one time in the early stages of the tourney. First and second place winners will qualify for the North Coast Section meet to be held at Menlo Atherton down the peninsula on Saturday, February 15. Pacifica, Pittsburg, Diablo, Aca-

## Polo Teams Vie In East Finals

Two Bay Area polo teams — Crescent Jewelers of Oakland and San Mateo — clash at Fleischmann Field, Santa Barbara, Sunday in the finals of the Harry East tournament.

The Crescents, national and Mexican champions in 1957, got quite a scare from Menlo Park before nipping the Peninsula quartet, 9-8, in an overtime thriller, and San Mateo ousted the Canadian entry from Calgary, 14-10, in semifinal contests over the weekend.

The Crescents' winning goal, scored by M. Lightman from 60 yards out, was set up by a Menlo Park foul in the "sudden death" extra period. The losers tied the count in the final five seconds of regulation play.

Team Captain Xic Graber of Orinda led the Crescent quartet with six goals. Lightman made two and Tony Veen one.

The trio, along with Morrie Morrison, will face San Mateo in the finals Sunday.

Leading scorer with five goals for Menlo Park was Bud Linfoot, brother of Dr. Billy Linfoot, internationally rated San Francisco star.

**STARTING TROUBLE** If your automobile's engine turns over very slowly when you press the starter the cause may be: tight engine, low battery, or unusually high resistance in the starter or ground cables.

lanes, Pleasant Hill, Miramonte and the California School for the Blind are entered in the meet. The calibre of wrestling displayed to date has really been surprising as with most schools it is in but its second year.

Pittsburg and Miramonte are in their initial competition while Pacifica is in its third year of the sport.

Picking a winner is difficult. Pacifica won the dual meet competition but every school has strong contenders in certain weights with few individuals rated as odds-on favorites to win.

The sport is one of strength and skill with a definite scoring system used to determine the winner.

## Knights Bow To Pirates In 2 Games

The Pittsburg Pirates sailed into town last Tuesday afternoon and went home later in the day with a pair of wins tucked under their belts.

Hitting a game average of 37% from the floor, the Pirates rolled to a 53-43 varsity win after their Bees had notched a 46-27 win. Los Lomas guard Nic McGrath was tops for the home scorers with 8 (four FG).

In the varsity tilt, the Knights played a good floor game on the boards but couldn't match the Pitt five's shooting, although they did tie from the free throw line. The Knights hit 15 for 27 while Pitt hit 15 for 27.

The Pirates banged the hoop for a 13-7 first quarter lead but the Knights did a bit of hoop massaging of their own to tie it 21-21 at the half. They out-scored Pitt 14-8 in the second quarter.

In the second half Pitt hit for a blazing 41% on 11 for 27 field shots, getting 14 points in the third quarter to the Knights' 9 and outscoring them again 18-13 in the final period to wind the game up 53-43.

The Knights were at their best on the boards, out-rebounding the visitors 48-30.

Los Lomas played well enough on their floor play but just couldn't connect at the hoop, hitting for a poor 23% (14 for 61).

Pitt's center, John Nord, accounted for 22 points (8 FG-6 FT) while forward Chuck Ransane hit for 21 (8 FG-5 FT).

LITTLE DANNY Ferrarese, 3, learns how to throw a "spitter" from Don, who during the winter months works at a local store in Walnut Creek. Betty, his wife, and daughter, Cara, will be saying good bye to daddy this month as he leaves for the Orioles spring camp.

## Hoop Teams Vie This Week

The up and coming week, as usual, finds the D.V.A.L. hoop teams in action.

The Diablo Red Devils are still in the undefeated class in the varsity section. Pitt has the same status in the Bees.

Pacific has been the loop's surprise and, along with Pittsburg, is one game behind the league-leading Diablo Devils.

Tonight Pacifica plays Diablo at Concord and it will be do or die for the Spartans. If they drop this one they go down two games, and that's a long way down with but two and a half weeks of play remaining. If they win they are in a tie. The best long shot of the week—Pacifica!

Miramonte takes the long trip, going to Antioch, and chances are it will be even a longer road back.

It's the same story—lack of height and depth. Playing over their heads at times, they still have too much to overcome to win. Could be tougher than a lot of expect, though, next year when they will have seniors for the first time.

Las Lomas meets their arch rival, the Rams, at Pleasant Hill. This one rates an honest even-stein pick. Chances are the win will go to the one hottest on the free throw line.

Acalanes goes to Pittsburg and the Dons, while hard to predict due of their in-out play, hardly figure to spill the Pirates on their home court. The Pirates to win.

All Friday games open with the Bees at 7:30 p.m.

In Tuesday's 3:30 games, Pacifica rates the nod over Pleasant Hill while Diablo has its hands full at Pitt. Have to stick with a winner—Diablo to win but mighty close.

Miramonte at Acalanes and here it's a Don win. Miramonte to hold up for a half but from there on it's trouble.

Antioch plays at Las Lomas and it's the Knights who will be tough on their home court.

## Scholarship Deadline

Contra Costa County high school seniors, junior college and other students planning to apply for one of 900 state scholarships to be awarded in May were reminded today that Monday is the deadline for filing.

Applications should be sent to the State Scholarship Commission, Room 505, 1227 G. Street, Sacramento, according to James W. Moore, executive secretary.

Moore said this will be the third annual competition for awards which pay up to \$600 a year tuition and fees at any accredited college or university in the state selected by the winner.

## Dons Split In Own Gym

The Acalanes lightweights edged Pacifica last Thursday afternoon but the Don varsity met their Waterloo when the Spartans tagged them 46-33.

The games played at the Acalanes gym found Pacifica's varsity five taking an 11-9 first quarter lead and extending it to a 27-19 halftime advantage.

Guards Bob LaPointe and Stan Olive sparked the third quarter Spartan attack as each caged a pair of field goals. Olive also netted a pair of free throws to keep Pacifica out in front.

The third quarter really proved to be the clincher when the visitors outscored the home club 10-3 to take a comfortable 37-22 lead.

In the final period, the Dons banged away and did outscore the Spartans 11-9 but far from enough to save the ball game.

Olive wound up with 14 points and scoring honors while LaPointe was close behind with 13.

The Dons failed to have a player in the double digits with John Phair and Paul Colin best with 8 apiece.

Pacific really outscored the Dons from the floor, making good on 19 field goals to 11 for Acalanes. In free throws, Acalanes made 11x18 while Pacifica hit 8x18.

In the Bee games the Dons took an early lead, being ahead 24-14 at the half, but ran into near-serious trouble in the second half when Pacifica outscored them 13-11 in the third quarter and 15-11 in the final period.

Center Daniel Lackey, with 16, was the hot shot for Pacifica and the game. Don Lippert and Steve Lamphere topped the winners list, each hitting for 11 points.

## Dons Rock Rafter As Knights Drop Tilt 53-43 Here

The Acalanes Dons were really ready last Friday night and the Acalanes gym found the rafters rocking as the Bees measured Las Lomas 37-21 and the varsity took a smashing 53-43 win.

The varsity game found Acalanes at their season's best as they were ball hawks and defense demons all the way.

Tight man to man defensive play combined with fast breaking tactics brought the Dons the win.

The Dons hit with double figures in every quarter taking a squeaky 13-12 first quarter lead and then made it 27-19 at the half. The Dons managed to outscore the visitors with 13 in the third quarter for a 10 point lead and in the final canto it wound up 54-43.

Mac Hancock, aggressive senior forward, bagged 16 points to take game scoring honors while sophomore forward Paul Colin wasn't far behind with 13.

Ransome was tops for Las Lomas with 10.

In the Bee game the Dons Babes hit 49 per cent in the first half to take a commanding 21-6 lead. Don Steve Lamphere topped the scoring with 13 points.

## Matadors Bow to Rams

The Miramonte Mats hosted the Pleasant Hill Rams last Friday night and while they came up with a surprise game in the varsity tilt—they fell behind when the chips were down and lost in the closing minute of play 30-28.

In the Bee preliminary, the Rams had things pretty much their own way as they scooted to a 40-29 using a host of players in the process.

The Miramonte varsity pulled all stops out as they reached for their first league win.

As a matter of record the Matadors led 10-6 at the end of the first quarter and outscored the visitors in their second quarter 8-6 to take a 18-12 halftime edge.

Miramonte froze at the hoop in the third period managing but four points while the Rams took the lead 24-22 with an even 12 point outburst.

Larchfield paced the scoring with 12 points on four field goals and four free throws for the Rams. Houston was top for the Mats with his eight markers.

## Diablo, Pittsburg Win Varsity Tilts

In league games last Friday night the Pittsburg Pirates had little trouble as their lightweights defeated Pacifica 55-34 and then came back to take the varsity go 52-32.

Other league action found Mt. Diablo remaining undefeated in varsity play by downing Antioch 0-45.

The Devil Bees are still seeking their first win, as the Antioch club took them 31-25.

## Orioles May Get 15 Wins With Pitching by Ferrerese

By ERWIN MATTSON

Don Ferrerese will leave soon for spring training down Arizona way as a member of the Baltimore Orioles and has a good chance of becoming a regular member of the major league club's hurling staff.

Don's hurling history goes back to Acalanes high school where he was a standout pitcher in 1946 and 47 in fact was a standout quarterback on the football team and a top basketball forward on a club that set records which still stand.

AS A PREP BASEBALL player in years of throwing he never allowed more than three hits in any one league game. He wound up with a no hit no run game against Diablo.

He was selected on an all star team which played in the Oakland ball park and won a trip to New York where he proved himself by winning the Lou Gherig Trophy which is symbolic of the best prep played of the year in the United States.

He came back and enrolled at St. Mary's—played basketball and baseball as a frosh—then signed up with the Oaks.

JIMMY HOLE former Piedmont coach was scouting for the Oaks at the time and did the signing.

Don's fast ball and sharp breaking curve had made him a national name in the New York game.

The first few years he played with Stockton in the State League, had a spell with Wentachee, put in time with the Oaks and was sold to the Chicago White Sox, but before the season started he went to Baltimore in a trade. All this happened in '54.

In '56 he had a 4-10 record with Baltimore and other than that spent time in Texas as well as with the Oaks.

ONE OF HIS BEST games was when he tossed a one hitter against the New York Yankees—the only safe blow came off the bat of Andy Carey who hit a pitch that struck the plate, bounced high and he reached first safe before the ball could reach the initial sack.

He was optioned out to Vancouver last season and had an impressive record winning the last eight he threw.

Don's trouble was that his curve broke so hard and fast that control became a factor. Last season he came up with a slider and appears to be on his way.

At 27 he has lots of good years left and as Vancouver general manager said "He will win 15 for Baltimore this year."

## Psychiatry, Religion Forum Attended by 300

More than 300 persons attended a forum of psychiatry and religion at Acalanes High School auditorium January 7.

Dr. Gordon Bernak of Berkeley, a psychiatrist, and Rev. Ernest Hastings of the Melrose Baptist Church, Oakland, spoke on the contributions of their respective fields to understanding the individual's emotional needs.

Beginning with a description of man's place in society as it has developed historically, Dr. Bernak stated that in earlier times and in parts of the world today, man is considered to be primarily a part of a society or "State"—that the concept of individual rights is relatively new historically even though we tend to take it for granted in this country.

THIS CONCEPT of the individual is carried over into our concepts of the role of psychiatry, he said.

Dr. Bernak said that for an individual to develop according to his own capacities, he must be able to adapt his environment to his needs.

In order to change his society, an individual must be able to stand alone, to change his own patterns and to become independent of "infantile" memories of his relationships with his parents. There is a natural banking after the old and familiar and to change one's own patterns is disturbing and brings about anxiety.

Persons seeking psychiatric help have either not developed or have lost the necessary understanding of themselves and their society and thus the ability to make healthy judgments. To free a person from inner conflicts and obsolete thinking and bring that person to emotional health is the goal of the psychiatrist.

MENTAL HEALTH requires that a person accept himself and like himself while recognizing man's makeup and coming to terms with it. It also requires that a person be able to change his environment when desirable and to adjust to that which he cannot change.

Rev. Hastings stated that there are more than 9 million people in America burdened with emotional problems—searching for an emotional haven of total security. This latter is an illusion as man cannot be isolated from the wear and tear of life.

Each of us needs to be mentally well, physically well and spiritually well to be a healthy person. Each of these affects the other as man is an integrated being.

IT IS REV. Hastings' belief, according to the New Testament, that man is basically sinful, and that sin is a rebellion against God and a preoccupation with self. He believes that spiritual health comes not from circumstances, but from repentance of sin, the acceptance of God's forgiveness and of Jesus Christ as Lord and Savior, and the "new life" that comes from "walking in the way of God."

During the question period which followed, Dr. Bernak stated that the inability to love, to live creatively for and with others, brings about emotional disturbance.

Abnormal lack of trust and respect for ourselves or others brings about mental illness.

## Enjoy MORE OF THE POWER

...EDISON GAVE YOU!

Just about the time the California Gold Rush was getting underway a boy was born who looked at candles a little more intently than any other boy ever has.

He dreamed he could give something better to all the 3,000 million men—and he did. During National Electric Week we now honor his birthday...the man who gave us LIGHT.

Thomas Alva Edison not only gave us more LIGHT, but MORE POWER, too—95% of the work in America is now done by electric motors—practical freedom from human slavery to muscle power. We LIVE BETTER...Electrically!

You can enjoy more of the power Edison gave you by calling on a competent electrical contractor who uses qualified electricians. You can add 100% extra enjoyment with modern HOUSEPOWER for only about 2% extra in a home being built. To modernize wiring in an existing home runs higher but can be done on terms as low as \$5 to \$10 monthly.

Better light in stores and offices has resulted in sales increases of 19% to 40%, better light in schools has put pupils 28% ahead in reading ability, better light in industry boosts production as much as 25% and cuts rejects in half.

## Public Meeting Thursday Concerns County Parks

"State Recreation Plans and Contra Costa County" is the title of a talk to be presented by Elmer Aldrich on Thursday at 8 p.m. in the Monument Bowl, Contra Costa Highway, Pleasant Hill. The public meeting will be sponsored by the Contra Costa Park and Recreation Council. Interested persons are invited to be present.

Aldrich was formerly conservation director in the State Division of Beaches and Parks. He now heads the "California Public Outdoor Recreation Plan Committee" which was created by the legislature last session.

The committee was established to make an over-all survey of the state's recreation resources and to prepare a long range plan for their development at all levels of government. The committee will make recommendations for the administration and financing of such plans for both land and water areas and facilities.

Such a survey was made necessary by the recreation demands of California's fast growing population and a flood of local projects being pushed through the legislature by the most populous areas without regard for other needs and for the State's Five Year Park Plan, Aldrich

has said. Aldrich is also vice-president of the Sierra Club which is dedicated to the appreciation, enjoyment, and protection of scenic resources. As a former East Bay resident, Aldrich will speak with personal knowledge of this area. He is aware of the requests to determine the State Park potential of the San Pablo Reservoir and Redwood Canyon.

It was also announced that Ned Lewis, 1445 Beech Street, Martinez was recently elected to the Board of Directors of the Council. Lewis will represent the John Muir Memorial Association on the Historical Sites Committee. Aylmer Hussey of Concord is committee chairman.

To promote the public preservation of various historical landmarks in the County is the purpose of the Historical Sites Committee. The John Muir Home in Martinez is of special significance because of Muir's influence as a conservationist and as a crusader for the National Park program. Among other historical sites in Contra Costa county are the Marsh Home near Brentwood; the Adobe house in Martinez; cemeteries of the coal mining era at Nortonville and Somersville; and the mines themselves.

## Joffrey Ballet is Concert Program Wednesday Night

The Acalanes Community Concert Association on Wednesday at 8:15 at the Las Lomas High School Auditorium will present the Robert Joffrey Theatre Ballet. This company combines romantic ballet, the dramatic dance and lively musical Americana. Versatility is the keynote.

Robert Joffrey was born in Seattle 25 years ago and is acclaimed in the United States and in Europe as America's foremost new ballet choreographer.

A versatile group of young stars form his first touring company. Beatrice Tompkins is a native of New York City, and comes from a large family of radio and stage stars. She studied at the School of American Ballet in New York, and has danced with the San Francisco Ballet and as ballerina of the San Francisco Opera company.

She has appeared on many well known television shows, including Armstrong Circle Theatre, Camera Three, Omnibus and the NBC Opera.

## Crusade Dinner To Honor Firms On February 20

Walnut Creek: H. C. Capwell Co., Contra Costa County Title Co., Charles Kushins, Joseph Magnin Co., J. C. Penney Co., Smith's Clothiers. Lafayette: Bank of America, Lincoln Development Co., Mason McDuffie Co., San Ramon Aerojet General Nucleonics. General Electric, Martinez: Allied Hospital Employees Union No. 251, Bank of California, Bay Specialties Co., Contra Costa County Title Co., Martinez Laundry & Dry Cleaners, Richmond-Martinez Title Co., Shell Oil Co., and the Pacific Telephone & Telegraph Co. of Richmond.

The awards will be presented by Duncan H. Knudsen of Lafayette, president of Contra Costa United Crusade.

Merit awards will be distributed to those volunteers who raised 95 per cent or better of their goal by Henley V. Worthington, Concord, 1957 county campaign chairman.

Tickets at \$2.85 are available at the new home of the United Crusade at 2030 North Main Street, Walnut Creek, or by phone.

## Contra Costa Husband Elopes With Lovely, Young Upstairs Maid!

"The best form of social security is a good husband," pretty young Melanie Voss confided today from her Left Bank Paris apartment, which she is currently sharing with Johnson Hodgson, father of 6 Contra Costa County children.

Hodgson sat silently on his bankbook, which he uses in lieu of an overstuffed chair, and offered no comment when reporters inquired why he had eloped from Contra Costa County, U.S.A., with the lovely upstairs maid.

"Bunny-Bags, as I call Mr. Hodgson," Melanie continued, "is a tested and proved husband, the kind I prefer. And the only reason

I got B. B. to come away with me is his wife just didn't understand what he wanted in the way of food."

Melanie cleared her throat with champagne, (Mumm's, 1912), and said: "The only possible way to a practical, food-loving man's heart nowadays is with Melanie's Food Service, I mean Minimax Food Service."

"MFS sells the best-tasting food at distributor prices," she said, kicking off her shoes, "about 20 to 30%, or more, less than retail prices. And all you have to do to find out how to become a MFS member is just call Yellowstone 4-4478, or stop in at 1916 East St., Walnut Creek, U.S.A."

CHARTER NIGHT was a big night for members of the Mt. Diablo Young Men's Christian Association. The ceremonies were held last week at East Contra Costa Junior College. Left to right are A. W. Elkington of Orinda, Sheldon Swenson, southwest area representative for the YMCA national office; Rev. Robert Richards, Olympic champion and the evening's speaker; Elroy Condeff, board chairman, and Rev. Jim Upshaw of Walnut Creek Presbyterian Church.

## Cowan Elected President of Bar Association

Douglas Cowan, Walnut Creek attorney, was elected and installed as president of the Central Contra Costa Bar Association, January 28, in a meeting at the El Nido.

Cowan has been practicing in the area since 1954, and has been active in bar association activities since then. He is a charter member of the group and has served on its board of directors for two years.

Also serving on the board of directors from Walnut Creek are Loy Dale Wright, secretary, and Don Campbell, Arthur L. Robson of Lafayette and treasurer, Wray Renaghan of Concord, are the remaining officers.

Retiring as President Louis J. McKannay of Concord, Secretary Edmund S. Barnett of Walnut Creek, Treasurer Vernon Patterson of Lafayette, and Director Yank Marcus of Pleasant Hill.

During 1957 the association was instrumental in the creation of the Concord Municipal Court, providing the people in Central Contra Costa County with the facilities of a municipal court, a service theretofore available only in Richmond.

Another of the association's programs is the Central Contra Costa Legal Aid Clinic, a voluntary public service provided by members of the association to serve those residents of the central portions of the county who are financially unable to pay for the services of an attorney.

The clinic makes available to indigent residents of the central Contra Costa area free legal advice and service every Wednesday afternoon at the City Hall in Walnut Creek.

## Early Tooth Care Needed, Report Says

There were more teeth previously filled per hundred pupils at Acalanes High School during the County Health Department dental inspection period than at any of the other seven high schools listed, but there were as a result fewer teeth decayed than at any of the others.

At Acalanes High, about 950 teeth had already been filled for the 102 students checked. The Health Department reported that there were only 197 decayed teeth at inspection time, the lowest rate among all schools visited.

A total of 129 Las Lomas High students checked already had 868 fillings, and 286 decayed teeth were noted. At Pleasant Hill High, 280 students had 724 teeth already filled, and had 406 decayed teeth.

The report concluded: "If Contra Costa children are to demonstrate better dental health by the time they are 16, then early and regular care starting at age 2 1/2 to 3 must be the rule rather than the exception."

## Easter Seal Campaign to Begin Soon

Mrs. G. W. Luhr, president of the Easter Seal Society for Crippled Children and Adults of Contra Costa County, announced that California's 25th Easter Seal Campaign will open on March 6 and continue through Easter Sunday. A \$50,000.00 goal has been set for Contra Costa County.

"The Silver Anniversary Easter Seal Appeal indicates a deep rooted, constant concern of the people of California for those among us who are physically handicapped," Mrs. Luhr said.

On March 6 Easter Seals with their accompanying appeal letters will be mailed to 106,000 homes in Contra Costa County.

The letter will describe the various services which the Contra Costa Easter Seal Society provides for local crippled children and adults. Among these are case work services, health services, provision of orthopedic appliances, counseling, physical therapy, transportation, and recreation. Vocational training is also provided in the recently opened Easter Seal Sheltered Workshop.

Mrs. Luhr explained that two-thirds of the funds raised in Contra Costa County will remain here to maintain and increase the year round activities of the Easter Seal Society of Contra Costa County.

The remainder goes for support of state and national programs of service, education and research.

## United Fund Share Placed at \$590,976

Gene Williams of Walnut Creek, chairman of the Contra Costa County United Fund's Allocations Committee, announced today that Contra Costa's share of the United Bay Area Crusade drive for 1957 will be \$590,976. This represents an addition of \$13,968 over the amount distributed in 1957 to the 58 health, welfare, and recreational agencies serving Contra Costa citizens.

Among the benefits of research supported by the Heart Fund, according to the Contra Costa County Heart Association, are improved diagnosis, better methods of treatment and care, and new techniques for heart surgery.

## Jewish Youth Services Set

The special children's services will be held tonight at the Contra Costa Jewish Community Center, 3800 Mt. Diablo Blvd., Lafayette, starting at 7:45 p.m. Dr. H. Hirsch Cohen, the Rabbi of the congregation, will conduct the service and preach the sermon.

The candle lighting and blessing of the wine will be under the chairman, Fred Katzberg, of direction of the Center religious services. The oneg shabat, a reception for the Sabbath, will be under the direction of Mrs. Fred Katzberg, of Walnut Creek, League of Jewish Women Sisterhood, oneg shabat chairman.
